

Kevin Loten
Putting It All On The Table
Mark 14:12-31

1. Is there a specific meal you associate with a specific memory? How does food come to be associated with remembering?
2. What was Israel 'never to forget' in the Passover meal?
3. What do you think may have been the impact of the bombshell Jesus dropped at v18?
4. In verse 21 Jesus basically says, "*the sovereign plan of God and human responsibility sit comfortably right alongside each other*". How do you understand this truth in your life and experience?
5. Imagine someone said to you, "I feel sorry for Judas – if this is what he was *destined* to do, it wasn't his fault". How would you respond, given what Jesus said in verse 21?
6. If Jesus referred to the bread and wine as his body and blood that were broken/shed for many, what does that teach us about Jesus' own understanding of His death?
7. How do you think the disciples might have reacted to Jesus changing the words and thereby the meaning of the Passover symbols of bread and wine?
8. How does sharing communion help us in our relationship with God? With each other?
